

We prepare applicants with foreign university entrance qualifications for the “examination to assess the aptitude of foreign applicants for a university course of study” (“**Feststellungsprüfung**”) in the following subject fields, provided the applicant does not have a direct university entrance qualification: (natural) sciences, engineering, economics (**T- and W-courses**).

In cooperation with the Charité Berlin, the Studienkolleg offers a fee-based **M-course**, which qualifies for medical study programmes.

In cooperation with the “Hochschule für Technik und Wirtschaft Berlin” (HTW) the Studienkolleg offers a **T-course** for studying engineering subjects at a university of applied sciences.

Applicants with a direct Higher Education Qualification can apply for the **Propädeutikum-course** and sit the **single subject exam in German as a foreign language** (Feststellungsprüfung Deutsch), which next to the DSH 2 and TestDaF (total 16) also entitles the student to a university course of study.

## Courses

### T-, W- and M-Course/

### Propädeutikum

After passing the entrance examination in German and Mathematics, Studienkolleg applicants will be admitted to a T-,W- or M-course depending on capacity.

## Entrance examination

Lessons take place in the rooms of the Studienkolleg in Straße des 17. Juni 145, Berlin-Charlottenburg.

Students will have approximately 30 -32 lessons per (45 min each) week in the following subjects:

T-course: German, Mathematics, Physics, Chemistry and Computer Science

W-course: German, Mathematics, Economics, History of Economics, English and Computer Science

M-course: German, Mathematics, Biology, Chemistry and Physics.

## Classes

The “**Feststellungsprüfung**” is held for both internal and external candidates in each semester. Passing the Feststellungsprüfung entitles the student to admission to a course of study in all the German federal states.

Applicants, who already passed a Feststellungsprüfung, are able to extend their field of possible study programmes with an “additional assessment test” (Ergänzungsprüfung).

## Internal or external Assessment test/ “Feststellungsprüfung”

## Additional assessment test

Under specific conditions it is possible to study at the TU Berlin without formal university entrance qualifications. §11 of Berlin Higher Education Act (BerlHG) allows for **university admission for applicants with vocational qualifications**.

The **entrance examination** for applicants with occupational qualifications takes place every year at the end of February and at the end of August.

In order to apply an application form has to be sent, to the Studienkolleg. The form, deadlines and terms can be found on the TU-Berlin website (Quick Access: 112689).

## Preparatory course for applicants with vocational qualifications

**Please direct applications for the T-/W-/M-course, Propädeutikum and the external or additional Feststellungsprüfung to the**

‘Arbeits- und Servicestelle für internationale Studienbewerbungen’ (uni-assist) at [www.uni-assist.de](http://www.uni-assist.de) Geneststraße 5, 10829 Berlin

A how-to guide is provided at the TU Berlin websites, Quick access: 131707.

## Application Procedure

**German:** B2 (T-/W-/M-course, Propädeutikum), C1 (external Feststellungsprüfung)

**English:** A2 (**only** necessary for W-course)

## Language requirements

### Application Deadline for the Studienkolleg courses (T/W/M, Propädeutikum)

30.11. for the upcoming summer semester

30.06. for the upcoming winter semester

## Application deadlines

### Application Deadline for external participation of the Feststellungsprüfung

1 February to 28/29 February or 1 August to 31 August to sit the exam in the current semester
